LEARNING OBJECTIVES:

By the end of this experience, participants will be able to:

- **Turn everyday leadership challenges into breakthroughs** so they can lead themselves and their teams through the real struggles, the tough conversations, and the self-doubt that comes with leadership. Knowing your Enneagram & Leadership style, activate your 5 paths for leadership growth potential.
- **Build a reputation as a clear and confident leader.** Learn the truth and real tools behind what it takes to lead consistently with clarity and confidence.
- **Rise to their full leadership potential.** Discover and own the unique value you bring to your organization and stop getting sidelined by doubt, imposter syndrome or overwhelm.
- **Become a more strategic, influential leader.** Build the mindset and support systems needed to shift from doer to leader and lead at the next level. Use their influential leadership energy to drive results.
- **Cultivate an impactful leadership brand and legacy.** Define what they stand for as a leader and use this to make courageous decisions, communicate confidently and make impact in the rooms where decisions are made.
- **Participate in a unique and immersive leadership development experience** that prioritizes skill development, creativity, connection and practical application of your learnings.
- **Tap Into a trusted network of leaders to support and guide them through the ongoing challenges of leadership.** Use their network to generate new Ideas, resolve challenges and remain resilient In the face of setbacks.
